BRINGING YOUR VISION TO LIFE

Accasia Martinez

Owner/Operator

After planning events for over eighteen years, for both corporate employers and personal connections, we have taken a leap of faith and started our own venue & planning services.

Born in New York and raised in the Dominican Republic, I grew up with a deep sense of family and connection. Family included neighbors, friends, and blood relatives alike and there was always a special reason to come together.

We gathered under an Acacia tree at my grandparents house - it is very meaningful to me how that tree served as a nexus point that not only brought us together but also created lasting bonds.

The tree inspired my name and represents my childhood and the love I was surrounded by. The bond we felt beneath it and my joy in connecting people with each other is why I am passionate about event planning and why we named our venue Accasia's!

We hope that Accasia's Event Venue can serve as a home for your family and friends and help you bring your vision to life!

Frequently Asked Questions

Can we bring in our own food & beverages?

Absolutely, our mission is to ensure that we bring YOUR vision to life, that includes serving what you want during your special day. If you need help finding the right caterers, we can provide you with a list of trusted vendors or you can choose from our catering menu. There is never a surcharge to you or your vendors.

What other requirements does the venue have?

A security officer is required to be on-site for all events with 100+ guests and/or servicing alcohol. Officers must be booked by the venue. Only needed during event hours. In order to ensure we are only charging you for what you need you will see this as a separate line on your invoice.

Do I need to have a Bartender?

Yes, all alcohol must be served by one of our licensed and insured bartenders. There are no shots/neat drinks allowed. Check contract for your details. Exceptions may be pre-approved as long as outside bartenders provide all requirements and follow house rules.

Do we have to use the vendors on your list?

No, our trusted list of vendors is available upon request to help you in your search, but you may choose to book outside this list any vendors except security which is booked through the venue and bartenders from our list. Bartenders outside our list must submit required paperwork (TABC licenses & COIs) 2 weeks prior to the event day.

Can we do live cooking on-site?

While there is no cooking inside the building, we can accommodate some live cooking outside in the patio areas or parking lot taking the necessary measures to ensure safety and protect the areas of grease, etc. All live cooking must be approved prior to event and will require for food handlers' license and Certificate of Insurance with Venue listed as Certificate Holder for the day of event.

Are our vendors required to have insurance?

We strongly advise that all vendors possess proper licensing and insurance for the safety and security of both you and the venue. Our requirements are particularly stringent for services such as bartending, 360 photobooths, pyrotechnics, etc. These vendors must provide a certificate of insurance listing the venue as a certificate holder for the event day, as determined by the venue. Please be aware that you are liable for any damages incurred during your event, so it's essential to book vendors who are licensed and insured to safeguard yourself against potential liabilities.

What is parking like?

Almost 300 parking spaces are available complimentary to you and your guests right on-site.

Are there any hotels close by for our guests?

Yes, we have many hotels even walking distance. Best of all we have partnerships with them all to ensure you receive discounted rates for you and your guests. Check your contract for direct links to discounted rates.

Do you include linens?

Linens are not included with venue only rental packages. You may choose to bring in your own, rent just linens from us or add-on a tablescap decor which includes linens full place setting and centerpieces.

Do you provide dinnerware?

The venue does not provide any disposable nor glass dinnerware (plates, utensils, cups, napkins, etc). The caterer, 3rd party, or the client is responsible for bringing those in for your event. You may choose to add-on a tablescap decor which includes linens full place setting and centerpieces.

Do you provide waitstaff?

We always tell our clients to check with their caterers first, if they do not provide servers & waitstaff to buss tables, the venue will provide at an additional cost. If you choose not to get waitstaff the venue is not responsible for replenishing food/drinks nor bussing tables. There will be a coordinator on-site to help maintain common areas like restrooms and trash cans.

How can we book our event?

Once you are ready to book, we will draw up a contract and invoice for your event. Once we receive your signed contract and deposit your dream day is booked! Check out next steps on the next page.
